Attendance for
this week:
97.89%

Another week has passed and despite the challenge of the weather, everyone has been brilliant at adapting to our routines.

PARENTS EVENING: If you have requested a Teams slot to discuss your child with their teacher, you will receive a Teams invite advising you of the time of your allocated slot by midday on Monday.

QR CODE: As of Monday 12th October, we will have put up NHS Track and Trace QR Codes around the school. You do not have to scan them if you are simply dropping off or picking up. Anyone needing to enter the school for 15 minutes or more, will be expected to scan the QR code.

BUBBLE STATUS MONITOR: In order to hopefully give our parents some peace of mind and to be transparent regarding the Covid situation in our school, there will be a daily posting on our website of the status in each bubble as we know it. This will be updated by 11am every day.

CLOTHING: As the weather is starting to change, please ensure that children come to school in weather appropriate clothing including a raincoat/winter coat. As PE is taking place outdoors, it might be an idea to layer up with tracksuit bottoms especially if your child feels the cold.

FOSM AGM

The Friends of St Mary's (PTA) will be holding their AGM on Thursday, 15th October. This will be a virtual meeting and all parents are invited to join should they wish.

The PTA is always looking for new members and we ask parents to please consider joining their team as they do so much for our school and children.

New members also bring new ideas, which would be extremely helpful at this time where options are limited.

DATES: The last day of school this half term is Wednesday, 21st October and we open again on Monday, 2nd November.

Wishing you all a restful weekend.

Mrs Balado
